

PRINCE ASHVINKUMAR PATEL

B.Tech Computer Engineering | CSPIT, CHARUSAT

princepatel98798@gmail.com • +91 9974638984 • github.com/Prince94-p • linkedin.com/in/prince-patel-a9b579372

EDUCATION

Chandubhai S. Patel Institute of Technology (CSPIT), CHARUSAT

Bachelor of Technology in Computer Engineering | Expected Graduation: 2029

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React, Tailwind CSS, Vite

Programming Languages: C, C++, Java

AI & Tools: Prompt Engineering, AI-assisted Development, MCP, Git, GitHub, VS Code, Figma, Antigravity

Backend & Cloud: Node.js, Express.js, Firebase, Supabase, REST APIs, JWT Authentication

Core Concepts: Object-Oriented Programming (C++), Data Structures & Algorithms

KEY PROJECTS

ScamShield — AI-Powered Scam Detection Platform | *React, Vite, Framer Motion, Node.js, Express, JWT*

- Developed as part of Team HackX at Hacksagon 2026 (ABV-IIITM Gwalior); national finalist among 2,100+ registered teams.
- Built real-time threat dashboard, authentication flow, and AI text/SMS/email scam analysis with live risk scores and ScamBait chatbot.

ANVAY — Healthcare Interoperability Network | *React, Vite, Tailwind CSS, Node.js, Express.js, Firebase*

- Designed healthcare platform with unique Health IDs unifying medical records across hospitals with role-based access control.
- Implemented longitudinal medical history tracking, immutable versioning, emergency break-glass access, and audit logging.

CodeMentor — Coding Practice Platform | *React, Vite, JavaScript, CSS*

- Built responsive coding practice platform frontend from scratch with clean problem listings and modular code workspace.

ACHIEVEMENTS & HACKATHONS

- **Rank 1 / 3,453 Teams:** HackOut'26 online assessment qualifier with *Carbon Core*; offline hackathon finalist at DA-IICT Gandhinagar (Sept 2026).
- **National Finalist:** Hacksagon 2026 at ABV-IIITM Gwalior among 2,100+ registered teams with Team HackX (April 2026).
- **1st Runner-Up:** ICT Project Exhibition, Department of Computer Engineering, CSPIT, CHARUSAT (Nov 2025).

CERTIFICATIONS

- **IBM AI Developer Professional Certificate (10 courses)** — IBM & Coursera (Aug 2026)
- **Object-Oriented Programming Specialization (5 courses)** — University of London & Coursera (March 2026)
